(check all that apply) ☐ Install New Pole(s) ☐ Install Culvert(s) ☐ Other

Please sketch on the back of this application, or attach to this form, the work to be done. Fax or e-mail completed & signed form to michael.mcmahon@harrisburgsd.gov

Failure to construct and maintain the installed utility in accordance with the provisions of this permit will automatically render this permit null and void and will constitute grounds for the removal of the utility and full restoration of the site at the applicant's expense.

The following conditions apply to the work performed under this permit:

1. Any damaged or disturbed portions of roadway or right-of-way shall be restored to equal or better conditions than existed prior to the beginning of work.
2. Disturbed areas shall be maintained for one year after completion of work to repair settlement, erosion, etc.
3. Street traffic shall be protected during construction and maintenance by use of proper signage, barricades, lights, or flag persons as prescribed in the current version of the Manual on Uniform Traffic Control Devices.
4. The City of Harrisburg and its employees shall be indemnified and held harmless for any and all actions or claims of any kind or nature brought because of any injuries or damage sustained as a result of the use or occupancy of the public right-of-way due to the work described in this permit.

I hereby request permission to construct and maintain a utility facility on the above-described public right-of-way and as shown on the attached project sketch or plans. I agree to abide by all applicable rules and conditions for the project described in this application.
